JACKSON SQUARE IS HAMILTON

EVERYTHING IS CONNECTED TO US

"It's located next to Jackson Square . . .", is the quote from the real estate agents. Everyone wants to be connected to the Square because Lloyd D. Jackson Square is . . . the heart of the city.

Located at Hamilton's key downtown intersection, Jackson Square is immediately accessible to all public transportation routes, major inter-city expressways, the Hamilton Convention Centre, the Public Art Gallery and Hamilton Place Theatre Auditorium. Hamilton's main branch Library the famous 150 year old indoor Farmers' Market, 18,000 seat Copps Coliseum and Trade Centre and the 5 star Sheraton Hotel are all a simple climate controlled, indoor step away.

YOUR SPACE

Jackson Square offers you space to work; with over a million square feet of flexible office space featuring floor plates from fifteen to forty thousand square feet in any of four distinctly designed office buildings, with underground parking for over one thousand cars. Space to relax; at the base of a cascading indoor waterfall

surrounded by a fourteen floor hanging garden atrium. Space to socialize; to the pleasant sounds of summer lunch time concerts on our five acre landscaped plaza. Space to shop; with over 250 retail stores, restaurants and banks but, most importantly, Jackson Square will give you space to be you.

WORKING TOGETHER

The business environments of the next century will require the highest levels of information integration. Office environments will be ergonomically designed for ease of internal movement and the personal comfort of employees.

Working as a team has never been more important. From our own team of building services support staff, to the office environs of the next century and the integrated business support of lawyers, accountants, financial institutions, brokerage houses, insurance firms, government services and corporate head offices; Jackson Square offers you the chance to make the connection. You can do business at Jackson Square.

For information on leasing opportunities in the "core connection", Lloyd D. Jackson Square, contact Jim Thompson at Stelco Tower, 100 King Street West, Suite 330, Hamilton, Ontario L8P 1A2.

Enhance your employees' benefit package at no cost to you.

Giving your employees the opportunity to save for a secure retirement says a lot about your company. Let us help you introduce them to a Royal Bank Group RSP which makes saving for retirement easy.

Our Group RSP is simply a group of individual employee RSPs. We handle all the administration, plan updating and record-keeping. All that's

required from you is one extra payroll deduction. We do the rest.

There is no cost to your company – just the advantage of being a helpful employer.

Our specialists can show you and your employees the benefits of a Royal Bank Group RSP. Contact a Royal Bank account manager for more details.

More Canadians choose Royal Bank for RSPs.

ROYAL BANK

A monarch butterfly is shown emerging from its chrysalis. The butterfly is positioned on the left side of the frame, with its wings spread, displaying the characteristic orange and black pattern. The chrysalis is attached to the top of the butterfly's body and is shown in a translucent, yellowish-brown color. The background is a plain, light color.

THE IMPULSE TO TRANSFORM

Responding to the new global realities of business, the people of Dofasco are transforming their company.

New technologies and new skills - including new ways of working together - have combined to create a chrysalis of change at Dofasco.

LCM ASSOCIATES is a business consulting firm established in 1987.

President Len Falco and his team of specialists have expertise in the many facets of business operations. Their objective is to provide hands-on, common sense solutions to the challenges of running a business in today's complicated environment.

LCM ASSOCIATES is an affordable, objective resource; acting as an effective extension of your company's management team. LCM's consulting services are customized for each client's specific needs.

THE INDEPENDENT FINANCIAL PLANNING PROFESSIONALS

Financial Concept Group is a financial planning firm offering a complete range of independent financial services and products to both individuals and companies.

Comprehensive personal financial planning is the main service offered by Financial Concept Group. With local offices in Hamilton and Burlington, Financial Concept Group provides advice tailored to the individual investor's needs.

"A close working relationship between the investor and an expert advisor is the key to success in today's complex financial environment", explains Don Bridgman, one of the original founders of the firm back in 1981. "At Financial Concept Group, we realize that there is only one reason people invest money, to provide them with the financial resources to achieve their goals in life. This is the underlying basis of financial planning — the recognition that each person has different goals and, therefore, needs a unique investment strategy."

Rick Kennedy, one of the two managing partners for the two local offices, explains, "Because we are not a fee-for-service firm, we are more accessible to the average person. We have access to virtually hundreds of investment products, allowing us to give our clients objective advice. We also specialize in tax planning, helping individuals to dramatically lower the amount of income tax they pay."

This objectivity is one characteristic that marks Financial Concept Group as unique among the

many different types of financial services firms today. As an independent financial services company, Financial Concept Group is able to approach the entire investment market to help their clients obtain the highest rate of return from a guaranteed investment as well as profit from the most lucrative growth sectors in the Canadian and international equity markets.

Today, Financial Concept Group has over 130 professional advisors in over 27 offices, representing literally hundreds of different financial institutions and products (trust companies, mutual fund companies, insurance companies, etc.) Financial Concept Group also offers a wide range of real estate and other tax-

assisted investments and a comprehensive insurance planning and brokerage service. Besides personal financial planning, Financial Concept Group also provides a number of services to corporations. These include a speaker service, customized corporate retirement planning and financial planning workshops, group RRSPs and group insurance and benefit programs.

From its inception, Financial Concept Group has been committed to maintaining the highest standards of financial planning in the industry and to constantly seek out new and innovative financial products and services to improve our ability to assist our clients in realizing their financial goals.

THE THIRD INVESTMENT IMPERATIVE.

Is there a more worthwhile investment than that of our children's future? Many think not. Which is why Hillfield-Strathallan College has introduced an Accessibility Program, created to bring the cost of a private school education in line with the curve of your income. Along with your home and the security of your financial future, it represents a third investment consideration. Write or call for details in confidence. Thank you.

HSC is a co-educational day school from pre-kindergarten to university entrance.

**WHO?
WHAT?
WHERE?
WHEN?
WHY?**

Not only are these the 5Ws of journalism, they are the questions every business needs answers to when they want to know more about the market.

That's where The Spectator can help. Our market research not only gives you the big picture, it also helps you reach specific target groups by fine tuning your marketing strategies.

For example, did you know that 122,800 working women make up a quarter of the adult population? That the average household income is \$48,912? And 170,000 adults, or 36%, have gone to a symphony, ballet or concert in the past year -- the same number of adults that went to a professional sports game? In today's business climate you need all the answers.

Call our advertising department at 526-3333. We'll help you discover the who, what, where, when and why of doing business in Hamilton-Wentworth.

into a juggling act?

If you're a small business owner with a growing company, wearing all the hats may be wearing you out. The Federal Business Development Bank can help. Maybe the time has come to face your competition, introduce new products, expand your sales force, or control your cash flow problems.

Our CASE program (Counselling Assistance to Small Enterprises) can match you with an experienced management counsellor to address your specific needs at a cost that won't break the bank. Best of all, they can help you show others how to wear some of those hats.

Give us a call at our Hamilton Branch — 572-2954

The Hamilton District Chamber of Commerce Presents

THE OLD MARKET

Image Size: 21" x 16"

Edition 450

Price \$150.00 (Plus G.S.T. & P.S.T.)

"THE OLD MARKET" has for generations been a significant part of every community's culture and commerce.

For many, Saturday morning has meant a trip to the local market to browse and shop, to meet and chat.

In 1960 The Hamilton and District Chamber of Commerce commissioned internationally renowned artist FRANK PANABAKER to capture the flavour of "THE OLD MARKET" on canvas. That original painting, completed in 1962, has been a part of the Chamber's collection ever since, and been admired by visitors the world over.

To commemorate its 150TH ANNIVERSARY in 1995, THE HAMILTON AND DISTRICT CHAMBER OF COMMERCE has authorized a limited edition print of the original painting.

With the assistance of the Estate of Frank Panabaker, 450 prints of the original painting are now available for public purchase, including admirers and collectors of this outstanding artist's work.

Each print has been numbered and hand stamped with the official seal of the Estate of FRANK PANABAKER.

To order your print of "THE OLD MARKET" contact THE HAMILTON AND DISTRICT CHAMBER OF COMMERCE at Tel: (905) 522-1151/Fax: (905) 522-1154/Write: 555 Bay St. N., Hamilton, Ontario, Canada L8L 1H1.

Why pay by the minute when you can buy flat rate?

LONG DISTANCE FOR \$89.95/MTH.*

How much will you spend on long distance this month? With London Telecom, Canada's flat rate long distance service, you can call 80 hours per month for just \$89.95 (residential for \$69.95) — 40 peak hours and 40 off peak hours. That's less than 2¢ a minute and less than 4¢ a minute for peak hours.

And, you can call back to your home office* FREE from anywhere our service covers. Just dial into a local number and your long distance call becomes a local call. Your customers can use it too. It's like having a 1-800 number. It's all part of our one, low flat rate of just \$89.95 per month. You can add London Telecom flat rate service to any other long distance services you have now.

We're bringing on new calling areas every month. Right now you can call virtually everywhere in southern Ontario, Ottawa and now, Montreal. In the coming months we'll add Quebec City, a host of more small towns in northern Ontario and extend our reach across Canada.
